Strawberry Production in Our Northern Climate

So many of the settlers who come to this country from countries of older settlement, have an idea that the enjoyment of small fruits at their own tables is a luxury that can only be had by purchasing the products which are shipped in to our markets from other countries or districts. Such an idea is entirely erroneous as with proper selection and handling of the plants large crops of the finest berries and small fruits can be produced in this climate with very little trouble over the economy, cultivation and picking of the fruit, one of the best of it, small fruit and one which adds zest to the enjoyment of the settler and his family in the north-western, on the northern and production of which the following ideas are contributed.

Soils
The pick of the soils for the production of the strawberry is the lighter variety of soil which is richer in humus, the reason for this is that our growing season being slightly shorter we require the soil which is the most quickly and thoroughly heated by the sun rays and which is rich enough to cause the growth of the plant to be as rapid as possible. Following this light rich soil would come the soils which are heavier in texture; it is also very desirable that the soil be porous and well drained, as wet heavy soil has a tendency to rot the crowns of the plants.

Preparation of Soil
First plow or spade the ground just as early in the spring as possible. If the ground has been plowed in the fall, it should be re-plowed again in the spring. Pulverize the soil to the pull depth of the plowing or spading, this work is being done by horses, any of our common tools for this purpose can be used such as disc, spike toothed, or spring toothed harrow, as it is just a small ground plot, by the use of an ordinary hand rake, this pulverizing should be done as soon as possible after plowing, as the work can be done more thoroughly than with considerable more ease. If the soil is very loose it should be packed down with a roller or foot just enough to break up the clods. It is convenient, manure the ground during the winter or early spring months, but it is not absolutely necessary for a good manure before the land is prepared, as excellent results can be obtained by spreading the manure on the rows after the plants are set. This latter is perhaps the best method of application as it acts first as mulch, protecting the ground from the direct rays of the sun, thus retaining the moisture in the soil and in heavier soil protecting it from baking and, secondly, by the plant food leaching into the soil whenever a rain falls upon it, and thus reaching the plants. This top dressing of manure will not interfere with cultivation, but when ever cultivation is done it will mix the manure thoroughly with the soil. It is of the soil, thus allowing the plant to derive the full benefit from it.

Location for Strawberry Bed
Almost any place will do where the growth of root crops has taken place, such as potatoes, corn, peas, cabbage, or any other broad crop. These leave the ground in excellent condition for strawberries and would not require a very good bed, but land where clover, vetching, alfalfa or any other leguminous crop has been grown in also favors the strawberry plants, as these crops add humus and nitrogen to the soil. The more of the grass and land, particularly timothy, should be avoided. The reason for this is that white grubs are found more often in timothy than any other and on account of its wiry roots and these white grubs eat out the young plants when set out in the spring.
Strawberries will do best where a good wind break is provided, but great care should be taken not to plant them in too much shade, as they require much sunshine for their best growth.

New Council Members

Councillors of Bow Valley City for First Time

The first meeting of the new Council of the Bow Valley City was held in the Municipal Office, Strathmore, on Saturday, March 6th. Councillors present were Messrs P. Skene, H. Law, H. S. B. Chamberlain, H. Groulx, and H. Womler.

P. Skene, Reeve
On motion of Councillor Lawton, Frank Skene was appointed Reeve. Mr. Skene nominated Mr. Lawton, but the latter begged to be excused. Mr. Skene thanked the Council for his appointment, which he would do his best to justify.

Mr. Way, Secretary-Treasurer, reported on his visit to the Municipal Council at Edmonton, and the report was approved.

A communication was received from the solicitors stating that they thought he would be well advised to pay the charges in the case of the City of Strathmore, which has been under consideration for some time. Mr. Groulx agreed that the rate of remuneration in connection with the collection of half insurance was not increased, and this was approved. It was agreed that the Municipality representative bring this up to the Half Insurance Board meeting.

Seed Grain Loans
In a number of cases of unpaid seed grain loans it was agreed that the secretary take the necessary steps to enforce collection.

A bylaw enabling the council to borrow \$12,000 for this spring's seed grain duties was carried. Mr. Skene was reappointed auditor for 1929, providing that a satisfactory arrangement be made to complete the audit.

Herd Bylaw Passed
Bylaw No. 42, for the restraining of animals running at large, and which has been passed on the ratification on February 27, was passed a third time. It will come into effect on June 1st.

Soldier Exemption
The application of Mr. E. M. Johnson, who has been overseas for several years, for exemption on his lot was granted. Discussion of the hospital situation was deferred till next meeting.

The secretary's salary was raised to \$2000 per month.

The meeting was then adjourned, to be held to meet again on the following Saturday, on account of the unfinished business.

Wedding

—O—

THORNTON-NOCK
A very pretty wedding took place at the residence of the bride's father, Mr. Thornton, at the Methodist Cathedral, when Rev. Donat Pascal officiated in marriage. Gladys Mary, youngest daughter of Mr. and Mrs. W. Nock of Calgary, and Neil Thornton, of Edmonton.

The bride made a charming picture attired in white satin and georgette, wearing a veil and orange blossoms and carried a beautiful shower bouquet of bride roses and white carnations. She entered the church on the arm of her father.

The bride was attended by her sister, Mrs. H. Williams, of Strathmore, who looked exceedingly smart in a hat faced with salmon. Master Elwyn Williams, nephew of the bride, acted as ring bearer. The groom was escorted by Mr. Harold Nock.

Among the numerous presents was a gift of a silver set from the staff of the Maclean Motors Ltd., where the bride was formerly employed.

Mr. and Mrs. Thornton will reside in Edmonton.

—Field, Calgary

The bride a well-known local, having resided at Strathmore on a number of years with her parents.

Library

—O—

It came as a considerable shock to the community generally to learn of the death, as a result of the flu epidemic, of two well-known local ladies, Mrs. Robert Gardner and Mrs. M. E. Sly. Both as a result of pneumonia. Mrs. Robert Gardner died on Wednesday afternoon and Mrs. Sly Friday morning.

Agnes, wife of Robert Gardner, died after an illness of nine days, heavily borne. Mrs. Gardner came to Canada in 1905, she was the youngest daughter of Mr. and Mrs. Thomas Bird, of Hartlepool, England. Previous to leaving Hartlepool she had been connected with the Northgate Wesleyan Church and Sunday School, being a member of the choir and teacher in the Sunday School. She loved to mourn her loss, a sorrowing husband, and a dear child, the youngest being only fourteen months of age, four sisters and three brothers.

The funeral took place at Strathmore Cemetery on Sunday, services being held in the Methodist Church. The pallbearers consisted of members of the Strathmore Great War Veterans Association, of which Mrs. Gardner is a prominent member. Before a crowded congregation an eloquent eulogy was preached by Rev. T. Phillips, assisted by Rev. Henry Montgomery. A large number of wreaths and floral offerings covered the coffin, including a large one from the G.W.V.A. and a cross from the Methodist Ladies Aid.

MRS. M. E. SLY
The death of Mrs. M. E. Sly on Friday morning was a severe shock. Since attacked by the flu she had been putting up a good fight, and though her illness was complicated by the birth of a baby on February 29, there had been good hopes entertained for her recovery.

She began to look a bit less and five children, besides her father and mother, Mr. and Mrs. W. E. Vickery, and several brothers and sisters.

With all of whom the greatest sympathy is felt in their affliction.

Mr. and Mrs. Sly came to Strathmore district about ten years ago, and since then have resided on the farm known as Velsky, about a mile and a half south of town. Previous to coming to Strathmore they had been connected with the Calgary School Board. The deceased lady was an accomplished musician, and was much in request at all local functions, and she was always ready to give her services for any movement that was for the good of the community at large and she was very greatly loved. The sympathy of all goes to the bereaved husband and parents, and to the children, all of whom are still very young, the smallest, being, as we have stated is the day old baby.

The funeral took place on Tuesday afternoon, to Strathmore Cemetery, and service, which was largely attended, was held by Rev. T. Phillips in the Methodist Church.

The floral tributes offered were numerous and beautiful.

Mr. C. W. Chase was the undertaker at both the funerals, and conducted the ceremonies in a very efficient and satisfactory manner.

CARD OF THANKS

—O—

I, W. G. Gardner, wish to thank the numerous columns of this paper the many friends who have shown their sympathy and help in the sad hour of my trial, and the kindness of the G.W.V.A. for their practical sympathy and help. Also the donors of the floral tributes.

An Appeal for Help

—O—

The Editor, Strathmore Standard.

Dear Sir,
The Ladies Club of Chesham wish to draw your attention to the sad case of a young man named David Cowan who met with an accident while working at London in May 1916. Since that time the poor lad has laid in the Holy Cross Hospital at Calgary perfectly helpless from his hip down. His case has been looked upon as hopeless, but Dr. Stern, Doctor of Osteopathy, has taken it in hand and has agreed to give Cowan treatment for the sum of fifty dollars per month, he assures us he has great hopes of getting his patient on his feet, he will then be able to earn his own living as a watch and clock repairer. As the accident happened so long ago, it will of course be a long time before a cure can be effected and so we have no hesitation in asking for help to pay for the treatment. Most of the members are relations are living in the north of Ireland and are too poor to help him in any way and the more fellow may be for years as he is, unless we can raise the money we need. I may add that a well known doctor personally assured me we were doing the best we could for the helpless man by putting him in the hands of the osteopathic Doctor. The Holy Cross Hospital authorities have never received a penny more or pay whatever for the maintenance or nursing of David Cowan.

Feeling absolutely sure you will do your best to help us, I remain,
Yours truly,
MRS. KEER

Dalemead Subscribers \$125.50

—O—

The following letter has been received from Dalemead Local U.F.A. Mrs. E. Keer, Ladies Club, Chesham, Alberta.

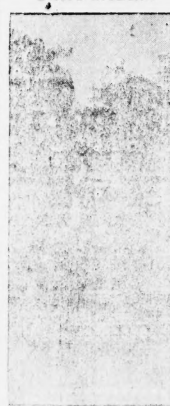

Dear Madam,
Please accept the thanks of the Members of the Dalemead No. 461 U.F.A. and also of other friends here, who are pleased you wrote regarding the welfare of David Cowan.

I know it will gratify you to see below a list of those who have been pleased to subscribe to this case, and I trust the members of your Club, who for so long have looked after this man, will feel somewhat rewarded for their efforts. You have set us the example and about \$120.00 is remitted to you in care of the Manager, The Union Bank of Canada, Strathmore, in account with your directions.

A social evening and presentation to S. B. Aleson, the returning Secretary will take place on Friday evening March 10th at 8.30 p.m. All farmers of the district are given cordial invitation.

The Percy Case

—O—

As a result of the proceedings taken since last issue in the Percy case, Miss Percy and her mother have been committed to await trial by the Supreme Court. The charges against Mr. Percy have been withdrawn.

A confession is alleged to have been made by Miss Percy to Detective Sergeant Yeats.

DROUGHT RELIEF FUND

The first meeting of the House Council of Kenna Municipal District was held in the Secretary's office on Saturday last.

Mr. W. M. Galloway was re-elected Reeve. The only change in the composition of the Council is the addition of Mr. Strick, who defeated Mr. Waide in the election for Iricans district by a vote of 17 to 10.

At the meeting, a resolution of Messrs A. McLean, T. Chamberlain, S. L. Downing, W. M. Strick, E. N. Petrov, and Mr. Galloway was passed.

Standard News

A meeting of those interested in the construction of more rural telephone lines was held on Monday afternoon, February 25th. A line of phones in the country south of town will be constructed and also some running north and west from Standard. Those who are to secure telephones will contribute \$100 each to cover cost of erection. Any surplus remaining will be put in the treasury of the Standard Municipal Telephone Company, and all the present shareholders of the company will contribute an amount per capita equal to the surplus still due each of the new shareholders. All the rural telephone lines running out of Standard will then be under control of the one company. It is expected that the total will be about 75, and construction of the new lines will commence immediately.

The Municipal elections held last Friday resulted in the election of Messrs Horn, Michie, and Brown to the Council for the period of two years and H. W. Leonard for a period of one year to complete D. Keizer's term. The bylaw in favor of the division of the municipal district of Grass would into six districts, each district electing one member to the council was defeated. N. P. Nelson and H. A. Clarke are the members of the Council remaining in office as well as those elected at this election.

—O—

Hervey U. F. A. Local

The usual monthly meeting was held in the school house, H. S. B. Chamberlain president. Parnaledeyde gopher poison, telephones and rural mail delivery, were the chief topics of discussion. The president was instructed to get prices on Parnaledeyde and gopher poison and present to us at the next meeting. Owing to the total of the members having friends in the government at Edmonton we decided to go very slow regarding telephones but rural mail we are going after at top speed. Owing to R. H. Sloan leaving the district and who has been our faithful secretary for over 12 months, it was up to the meeting to elect another Sec. Several members were nominated to fill the vacancy as the vote of ballot took place and E. D. Gillin was elected.

A social evening and presentation to S. B. Aleson, the returning Secretary will take place on Friday evening March 10th at 8.30 p.m. All farmers of the district are given cordial invitation.

BERTA VALE SCHOOL REPORT

We are pleased to note the speedy progress of the Berta Vale School. In spite of the heavy snow and the rain in our midst, the attendance is a whole lot more a very good record. Let Robert Clime, O. E. E. Thompson, be the only one who carries the record of every day present.

2nd class, Tom and Audrey Hancey, 2 days absent.

3rd North and Tom Taylor, 3 days absent.

Some of these children have a dislike of fully two and a half miles to come to school.

With Mrs. Moffat, a first class teacher and an interested school we hope to make the Berta Vale one of the best schools in the province. Send us your cooperation and make the month of March show many more of every day present.

Auction Sales

The auction sales held here last week realized very good prices for most of the stock and implements put up. In the case of the F. M. Dewitt sale a lot of \$50.00 per acre was put up for the 245 acres comprising the farm, but was not accepted. We believe the reserve price was \$60.00 per acre.

Stock and implements fetched good prices at the Elford sale on Saturday. Today the horses, etc., of Mr. H. E. Brown, near Nakama, who is renting his farm, will be sold by Mr. R. A. Johnston.

On Saturday of this week a joint sale of horses, farm implements, etc., will be held by Mr. Layzell.

On March 20th Mr. W. E. Brown, who is renting his farm, will offer for sale his large stock of horses, cows, implements, etc.

Details of the last two sales will be found in our advertising columns.

Poultry Notes

If you would improve your flock and your egg yield next fall and winter now is the time to prepare.

Be sure to select the birds which have stood the strain of molting and the choice of which in most cases is healthy and of desirable vitality. The best will-lays early in the season are the best to select for winter.

The rule to follow is to select the best birds from the best eggs of weeks previous to the molting and pecking at the feet and feet from the feet. The present strain of molting is heavy and the birds must be much better than the present molting and pecking at the feet and feet from the feet. The present strain of molting is heavy and the birds must be much better than the present molting and pecking at the feet and feet from the feet.

There are four C.F.R. employees on the coast to Haddock two engineers and two conductors.

Alberta Taxed to Death

Also

Human nature can stand just as much, that is while. The sentiment of a large number of Montana people are expressed in the following poem which, according to a Nebraska exchange, was recently sent to the editor of internal revenue in that district:

"I have been kept up, bed, sand-bagged, walked on, flattened out, and squeezed, first by the United States government for the federal war tax, the excess profits tax, the Liberty loan bonds, for the state, county and city highway tax, the auto tax and so on, and by every society and organization that inventive mind can invent to extract what you may not possess from the money of John the Baptist, the G.A.R., the Woman's Relief, the Man's Relief, the Woman's Relief, the Navy League, the League of Nations, the Red Cross, the Iron Cross, and every other cross of all colors, until I feel that I am a cross and by the V.M.C.A. and Y.W.C.A., the Old Pull's Home, by the Children's Home, the Farmers society and every hospital in town."

"The government has so governed my business that I do not know who owns it. I am inspected, searched, examined and re-examined, informed, required and commanded, so I don't know who I am, where I am, or why I am here."

"All I know is that I am supposed to be an incontestable supply of money for every human need, desire or hope of the human race, and because I will not sell all I have got and go out and beg, borrow, steal, money to give away, I have been abused, discriminated, boycotted, talked about, lied to, and abused, told up, rebuffed and really run out, and the only reason am clinging to life is to see what is left in coming next."

PLANS BEING MADE TO START PASSENGER AIR SERVICE

THE MAYOR AND THE PRESS

Mayor Lambert took occasion to remark at the Council meeting on Tuesday evening that he had been rather unkindly treated by the Press in having been the subject of considerable unfavorable comment, and thought that this comment might have been apportioned to the Council as a whole.

The scribe being at the Council meeting that evening, in the absence of a picture show or other form of entertainment remarked that criticism of any public man or body was to be regarded as entirely impersonal, and as one of the things which anyone holding public office had to expect. In fact, the Mayor having been singled out for so much criticism was a tribute to his prominence as a public man.

To speak plainly, we have every respect for the Mayor personally. He is the personification of integrity. However, as regards his policy or want of one, we have to respect at all. As the head of the Council, he is to a large extent responsible for its actions, or rather inaction. The Council, for the past five years, have never initiated any public improvements that were worthy to be called improvements. As a result, we are now behind every town in the country of similar size. We may pay a little less money, and pay less taxes, but we are without those conveniences that make life in any modern civilized community endurable.

Even in the case of the movies, on some comment of ours, the outburst of last Tuesday evening was apparently based, the Council have done nothing to encourage the project. Instead, the town solicitor has been set to work to examine the statutes and see where the act regarding theatres is being infringed, notwithstanding that the Provincial authorities are quite satisfied to give the show a permit.

That, in our opinion, is the trouble with the Council. They take the negative view of every project. The taxes necessary for an efficient school are looked upon as horrible extravagance, and electric lights, etc., are anathema.

Every public body and every individual who occupies a public position, should not object to criticism or suggestions. The criticism Strathmore Council gets is not so much for the things they have done, but for the things they have left undone.

Government Clyde Stallion

Parties wishing to breed mares to the Clydesdale stallion purchased by the Alberta Department of Agriculture, "Clastic Masterpiece" 18297 during the season of 1920, will make application to S. G. CARLILE, Live Stock Commissioner, Department of Agriculture, Edmonton, giving name and registration number of mares. A fee of \$25.00 will be payable at time of service, and a further fee to be fixed by the Clydesdale Committee and the Live Stock Commissioner. Will be payable when mare proves to be in foal.

The location of the horse in the province will also be decided by the committee, and arrangements will be made that the service fee in every case will cover the freight on as to equalize cost to parties residing in different parts of the province. Further particulars will be published shortly, but parties desiring to breed mares should make application at once. The season will likely be ready to begin the season about May 1st. FOR EVERY FIELD OPERATION

The Case 1527 Kerosene Tractor was designed for many uses—not merely for plowing. It is built by a concern which has been serving farmers for 75 years and knows well the many purposes to which the tractor should be put.

Only an all-purpose tractor like this can earn the utmost of its life. Its days of usage are greater. A less-useful tractor should be avoided.

For all kinds of field work and left work, this Case 1527 has won country-wide renown. It

pulls three plows in hard plowing or four plows under favorable conditions. And other field implements requiring similar power.

It drives a Case 25½ Tractor with wind-starter or tractor or other belt-driven machinery requiring like power.

This tractor has dozens of betterments unobtainable in any other machine. You should be acquainted with it before deciding which you will buy. We will be glad to help you judge it.

W. G. Kayevelt \$2.00

Ardenoos Does Well
Collected by Miss Graham at St. Anne and Edwards side, the sum of fifty one dollars (\$51.00) for Drought Stricken Areas of Alberta. Same has been handed over to C.F.A. Head quarters, Calgary Alta.

A Box Social and Dance will be held in the Service-Berry School House, Ardenoos on St. Patrick's Eve, March 17th at 8 o'clock. Proceeds in aid of Drought Stricken Areas. Refreshments and Entertainment. Pig to be drawn for. Tickets fifty cents each. Everyone come and have a good time and also bid the cause.

Strathmore Women's Institute will hold a dance in the Opera House on Easter Monday evening, April 23, 1929. All cordially invited. Tickets \$1.00 for gentlemen, ladies 50c. Lunch will be provided, and Mrs. Taylor's orchestra will provide the music.

FORD CLINIC

To Be Held Here March 19-20

Dates of great interest to local tractor owners will be March 19 and 20, when the Ford Motor Company are sending two experts tractor mechanics to demonstrate the care, repair and operation of the Ford tractor.
For those who at present have a Ford tractor, or those who are thinking of investing in one, this will be a good opportunity to pick up a lot of information.

The Anglican Ladies' Guild will hold a sale of children's clothing, aprons, etc. on Saturday, April 13th, 1929. Styles will be shown for the tiny tots and older children and convincing quite tongue will be advanced in the "Standard" in its issue of the 14th. Of the sale of bargains will also be held at the same time, and afterwards tea will be served.

Mrs. P. M. Dewitt was the inspiration for a collection taken at their church last week. \$25.00 was raised and turned over to the W. I. Hospital fund.

Through the courtesy of A. D. Ash for a collection was taken up at St. Hilda's on Sat. last Saturday for the W. I. Relief fund, when \$12.00 was raised. It was donated by the Mayor when brings the total up to \$16.00.

See J. E. Luck for Koolore, the best saver.
10-3-4

A much-appreciated change in the weather is in place at the beginning of the week. The spread on Sunday was a low snow 29.0 to 29.8 above zero, and the maximum on Monday was 29.8 above zero. We hope that spring has really come.

A meeting of the Strathmore Town Council was held on Tuesday evening, but the business was mainly of routine nature with the exception of several remarks by the Mayor on the subject of the Press, which apparently was assuaged to everybody's satisfaction.

J. E. Luck, Strathmore agent for Koolore.
10-3-4

The large party of visitors who came down this weekend to see for themselves the value of surflovers as an ensilage for cattle, took the opportunity when down to go over the whole farm. The results achieved by Mr. S. J. Brown, in the Peatley before, was the subject of much attention. Mr. Brown stated that in 1928, his cow produced one sheaf of corn in poultry keeping in the columns of the Standard.

Mr. T. H. Eves has taken over the agency for the well-known Cockshutt Implement.

Mr. Harold W. Bell is now agent for the Case Tractor.

A well-known old timer who arrived back last week after a long spell of service overseas is Mr. M. Gargan, better-known as "Mickey" who had a long spell of service overseas with the Canadian Cavalry Brigade. He arrived back in Canada last August, but has been rejoining in the east since then. During his period of service he took the opportunity to get married, but Mrs. Torrance is still in the East. Mickey is looking fit and well.

The J. H. Brand store is now lit by electricity from Mr. Roland Hill's plant and it constitutes a big improvement over the former system, besides being safer.

A special meeting of Strathmore G.W.V.A. will be held in the King Edward Hotel on Friday evening of this week, and all members are urged to be present. Refreshments will be served.

Spring Millinery Mrs. Jackson the Milliner will be at Brand's Store next week with a fine display of New Spring Hats, also, Ladies Suits. Ladies will do well to remember this as the prices will be very reasonable.

The death took place on March 2nd of Edwin Leon Jackson, son of Mr. and Mrs. Frank Jackson. The deceased is well-known locally, having been associated with his father in much contract work near here, and the news of his death is much regretted. He is survived by his widow and one three-year-old daughter.

Mr. Geo. T. Berry returned from the coast last week-end. Mrs. Berry is remaining over till the end of March.

J. D. North, a farmer in the Strathmore district, was fined \$25.00 and costs for obstructing C. Stodd, a boy under 16 years of age, who had been sent to him about 2 years ago from the Children's Home in Calgary. The prosecution was at the instance of Inspector A. R. Bopko, of the neglected children's department, and evidence, concerning the condition of the boy's body, which showed marks on same, was given by J. P. Dumas and J. Dumas with whom the boy had returned upon running away from the home of Mr. North. Accused was defended by T. M. Weir, of Strathmore.

Advertising

May have been the luxury of yesterday, but it is the necessity of to-day, to every business man who wishes to get ahead and get the trade of the district in which he is located.

Well-written and snappy advertising will produce results out of all proportions to its expense. We are willing to help you write your ads. if you supply us with an idea of what you want to advertise.

A lot of business goes out of this district that might as well be kept here if you go after it. You can get in touch with the people of the Western Bow Valley every week through the medium of the Strathmore and Bow Valley Standard, the only medium covering the whole of that territory.

The season for heavy buying will soon be here. Spring needs must be supplied. You can supply them if you let the people of the district know that you can sell quality goods at right prices. Let them know what you have through the columns of the

“Lest We Forget”

WE need to be reminded quite as much as to be informed. Memory has been jocularly described as “the thing we forget with.” Out of sight is apt to be out of mind.

An advertiser who relies on the memory of the public leans on a broken reed. The absence of its advertising from the newspapers has been the beginning of the end for many a firm. “The present suitor hath ever the advantage over the absent lover.”

A business that has achieved its magnitude or strength as the result of faithful advertising plays itself false if it suspends or ceases its advertising, on the grounds of economy. It is poor business vision which fails to see the principal feeder of business, and fatal judgment which cuts off or interrupts its flow. Economies may be warranted, but they had better be effected in any other department than in the sales department—the department of revenue. Any course which shoves your customers back from you or hides you from your customers is ruinous. The man with the money needs to constantly be sought. Advertising is the great discoverer of new customers, the great retainer of old ones.

If you forget the public, the public will
forget you.

If the country editor were to stop at all the advertisements held out for would soon be a millionaire. If he ran a paper according to the popular notion it would soon be in the same boat. If he published all the news that was sent to him he would be in jail half the time, and in the hospital the other half.
